#### **MSHS Students Involved in Airsoft Gun Shooting After School**

After school yesterday, October 16, an incident occurred involving several Mount Si High School students. Two high school girls got off the school bus and were walking home, when a SUV with 4 local high school boys began chasing and shooting an Airsoft gun (with plastic BBs) at the girls. The girls ran home and the father of one of the girls - who happened to be a Washington State Patrol – called 911. He then chased the SUV in his vehicle and caught the boys by blocking the road, until the King County Police arrived to apprehend the boys. The girls sustained minor injuries from being hit by a couple of Airsoft BBs and both are in school today.

It appears that this was a random event, as there were no issues or relationships between the boys and girls involved.

The King County Police and school officials are continuing to investigate this incident. Information will be available on the school and district websites ([www.svsd410.org](http://www.svsd410.org)).

Parents or students, if you have relevant facts about this incident, please contact MSHS principal Randy Taylor at 425-831-8205.
